WORK IN PROGRESS

- PBIC will be updating the websites' content and layout in 2012, complete with a new section of international resources; please send suggestions to sandt@hsrc.unc.edu.
- Be on the lookout for PBIC's Podcast series, which will be available on iTunes later this year.
- PBIC is partnering with Toole Design Group to conduct an independent, national study of current bike sharing programs in the United States. The draft report is expected in March 2012.
- A number of new bicycle planning and design training materials are in development.
- Walk Friendly Community applications are due June 15, 2012.
